AmeriSchools Academy Local Wellness Policy

1. Purpose

To encourage and contribute to the general health and well-being of all students to promote a healthy school the supports good nutrition and physical activity as part of the learning environment. Our staff is committed to providing a school environment that helps and develops a learning of lifetime wellness.

AmeriSchools will provide nutritious food for school meals and will support and promote healthy eating habits, physical activity, all of which will benefit student and staff health, attendance and academic performance. Healthy eating and physical activities are likely linked to reduce the risk of diseases and obesity as adults and maintain a healthy lifestyle.

2. Nutrition Education Goals

- The primary goal is to provide a positive, safe, and healthy environment that encourages a physically active and healthy lifestyle for students, staff members, parents, and communities associated with AmeriSchools.
- Nutrition education will involve sharing information with families and parents and will be provided with handouts, menus and postings on our website. Our cafeteria will be used to present nutrition and wellness with posters, demonstrations and healthy challenges. We will educate the students about trying

- Ensure that all food and beverages available on campus meet nutritional guidelines. This includes meals served in the cafeteria and food provided during school events.

3. Nutrition Standards

Meals: All school meals will meet or exceed state and federal nutritional guidelines.

Snacks: Healthy snack option will be encouraged, with guidelines promoting fruits, vegetables, whole grains, and low-fat dairy.

Access to water: Students will have access to free drinking water throughout the day.

Celebrations: Healthy snacks and food options will be encouraged for classroom celebrations.

Fundraising: All food items served/offered to students during the school day will meet federal, state and local standard.

4. Physical Activity

Recess: Students will have a daily recess that encourages active play and physical activity.

Physical Education: Students will participate in regular physical education classes that are engaging and age appropriate. AmeriSchools shall implement a program of study consistent with the state standards for physical education that focuses on development of motor skills, movement and health related fitness.

Recess is a necessary educational support component for all children.

Special Programs and After School Activities

Additional physical activity programs are available at AmeriSchools. AmeriSchools will offer a variety of activities that will satisfy the needs, interest, and talents of all students.

5. Mental Health and Well-Being

Mental Health Curriculum: Incorporate social-emotional learning into the curriculum to teach coping strategies, mindfulness, and resilience.

Counseling Services: Access to the school counselor will be available to support AmeriSchools students' mental health needs.

6. Implementation and Evaluation

A primary goal will be to evaluate the effectiveness of this policy once every 3 years in promoting healthy eating and changing the program as appropriate to increase effectiveness.

Each school administrator shall be responsible for implementation of the AmeriSchools Wellness Policy and guidelines. The wellness committee is open to the public which comprises of parents, teachers, school administrators and students.

Conclusion

This wellness policy reflects our commitment to fostering a healthy school environment that supports the physical, emotional, and social-being of all students. By working together as a school community, we can create a culture of wellness that promotes lifelong healthy habits.
